

LOCATION-BASED PET CARE ECOSYSTEM

One platform for every pet care need.

Connecting pet owners with verified vets, trainers & pet shops — powered by AI, real-time messaging, and a loyalty rewards engine.

VetAI Copilot

Agentic AI triage — flags emergencies and auto-fills booking forms in real time.

Geo Booking

Haversine nearest-first sorting + Leaflet maps for clinics and trainers.

B2B2C Marketplace

Vendor storefronts, stock-validated cart, and a secure checkout pipeline.

Real-Time Chat

Socket.io messaging with invite-and-accept spam protection per user.

Lost & Found Hub

Geo-pinned alerts with AI confidence score matching for fast pet recovery.

PulseBox Loyalty

Gamified points for purchases, bookings, and adoptions — redeemable for vouchers.
